DETAILED ACTION

This communication is in response to amendment received on 10/8/08.

Claims 1, 2, 7 – 9 and 12 – 13 are presented for examination.

Allowable Subject Matter

Claims 1, 2, 7 – 9 and 12 – 13 are allowed.

The following is an examiner's statement of reasons for allowance: As to claims 1, 2, 7 – 9 and 12 – 13, the prior art fails to show that there is no light shielding layer between photoelectric converting devices of said first linear sensor pair and said second linear sensor pair, wherein said first linear sensor pair and said second linear sensor pair are arranged to be shifted from each other so that a photosensing unit of a pixel of said first linear sensor pair is adjacent to an element isolation region included in said second linear sensor pair, and wherein said first linear sensor pair and said second linear sensor pair are adjacent so that an object image is focused on both of photosensing units of the pixels of said first and second linear sensor pairs; a third linear sensor pair arranged in a direction which perpendicularly crosses said first and second linear sensor pairs; and a fourth linear sensor pair having a base-line length larger than that of said third linear sensor pair, wherein said fourth linear sensor pair is arranged outside of said third linear sensor pair in a direction of the base-line length, wherein said third linear sensor pair and said fourth linear sensor pair are arranged on the same straight line. These features taken together with the other limitations of the claim renders the claims allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Reena Aurora whose telephone number is 571-272-2263. The examiner can normally be reached on Monday - Friday, 7:00 - 3:30.
